WHAT IS A “CABALLERIA”? Sort of depends on where you are! In Cuba it’s about 33 acres of land.

Equipping The Saints, you and the Los Pinos evangelical church association in Cuba have the opportunity to get FOUR “CABALLERIAS” in Cuba!

But wait there’s more! Thrown in with the deal is an experienced tractor and four (also experienced) farm implements!

This is NOT an April fools joke. Here’s the deal.

There is a desperate need for food in Cuba. Years ago, the sugar cane market collapsed. The government is now offering to lease former sugar cane land to those who will clear it and plant it. The Los Pinos churches are making every effort to take advantage of this unique opportunity.

The four “CABALLERIAS” and equipment are about 40 minutes from Havana. Los Pinos people have the vision, the work ethic and the skills to use these resources to meet many of the physical needs of the elderly and desperately poor in Cuba.

We believe that the Lord has opened this opportunity for His people to meet a great need for food. Equipping The Saints invites you to join us in providing the $11,600 to secure these resources for His people to demonstrate His love in His name. Together we can make a difference.

God bless you,
ETS Staff
