

March 2021

**SCATTERING THE GOOD SEED (Luke 8:11)**

Jerry is 86, has had multiple strokes, is facing 6 weeks of rehab and needs rotator cuff surgery. Last week he ordered 488 lbs. of Spanish Bibles and other materials. He plans to drive into Mexico to personally distribute the Bibles to ministries that need them. ETS has helped Jerry since 2004. He says, "as long as I can be useful, I want to live to be 110."

Oscar is a pastor in Arizona with a heart for missions. Since 2009 he has ordered large quantities of Bibles and materials for use in both Mexico and the USA. High quality Bibles and books at bargain prices always get a quick response from Oscar!

Kevin is a special case. His focus is on Mexico. Since 2015 we have gotten to know Kevin fairly well. He also knows and trusts ETS. Whenever ETS finds "a deal" on the kinds of Bibles Kevin wants, we close the deal and arrange shipping to him. Often before even telling him about what is headed his way!

Steve serves believers in Honduras and Peru. ETS has helped him since 2009. In addition to thousands of Bibles and reference books, we have also introduced him to vendors at Christian trade shows.

Ohene heads Torch Ministries in Ghana, Togo and Liberia. ETS has shipped Bibles his way since 2002. Bible classes in 260+ schools and VBS programs with thousands of kids require lots of Bibles!

Joe is officially retired. After serving in Gambia and India, he now is our key contact for "Training2Send" in Senegal, Guinea-Bissau, Sierra Leone and other West African countries. Containers and smaller quantities of Bibles in French, Portuguese and English have gone there since 2012.

Ben is a relative newbie with an incredible passion for evangelism and strengthening churches in Africa. Since 2018 ETS has been privileged to introduce Ben to publishers and provide containers of Bibles. Now we are helping him print 175,000 Bibles in India.

**THANK YOU FOR HELPING PROVIDE THE "GOOD SEED" THAT OTHERS SCATTER.**

**THE LORD OF THE HARVEST GUARANTEES THE INCREASE!**

**March 2017 Letter** — The old adage "March comes in like a lion and goes out like a lamb" is a very apt description of the activity level at Equipping The Saints this month. The big activity this week is a 2,700 cubic foot container for a school in Honduras. Among the many items being pulled for shipping are: 30 computer systems, 10 filing cabinets, 150 children's stacking chairs, desks, office and art supplies, sports equipment, and electronic equipment.

God bless you, ETS Staff
