“I WILL BUILD MY CHURCH”

We are amazed as we see God at work building His Church in this world. Our focus lately has been West Africa as we have been involved in providing Bibles and equipment for that area. So, we decided to use this letter to update you on what has been happening in Sierra Leone since we sent the 30,000 Bibles a couple of months ago.

The Bibles arrived safely and we received a joyful report of gratitude and praise to the Lord for this provision.

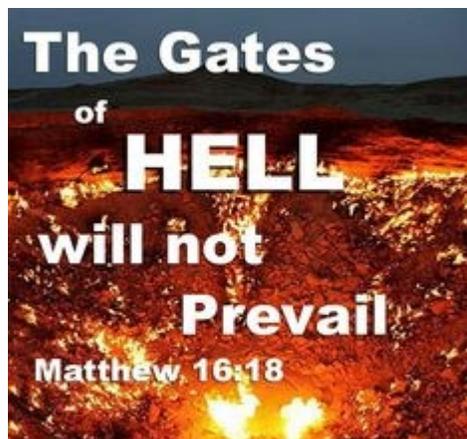

However, the forces of evil were not happy with the advancement of the

Kingdom in their territory. A couple of weeks later, the city officials arrived with soldiers and weapons. They declared that the church had one day to remove their belongings from the

building. The next day the church would be destroyed and the land taken from them. Even though they had title to the property and had lovingly built their church on it, they had no recourse. Their prayer to God was that no believer would be killed and that they would bear a positive witness for Christ to the people around them. They are now meeting in small groups in homes.

This persecution did not stop. A week ago we received word that believers without Bibles! We action and ordered 15,500 from a India. They are now on their way to contacting other suppliers to be able sending a container from here.

God's promises are so sure these Bibles reach their destination country without undue opposition.

the church from advancing. there are 35,000 new immediately went into ministry printing them in help with that need. We are to make up the difference—

and awesome! Do pray and are able to get into the

Thank you, Dear Friends, for standing with us in this effort to give God's Word to the world.
